

Finding your place...

A church is like a human body.

In a healthy body, each part is connected and is working properly to help strengthen the whole person. In the same way, each person at Shore is an equally valuable and important part of the church body.

Each of us is an indispensable part of the whole body, with God given gifts and talents that are needed to build up the church community. By contributing to the life of the church we help to strengthen and develop Shore for its mission in the world.

Now to each one the manifestation of the Spirit is given for the common good.”
Paul, 1 Corinthians 12:7, TNIV

That’s why we encourage every person at Shore to be involved in at least one area of ministry.

There are a range of ministry opportunities at Shore to suit different interests & passions. Look through the areas listed in this brochure and prayerfully choose which ones to pursue.

Areas in red are in need of urgent help.

If you’re not sure which area suits you, there is space at the back to inquire about a ministry that best uses your gifts.

If you are already serving to your full capacity at Shore (i.e. using your gifts to their potential), please don’t feel the need to sign up for further ministry.

If you have any questions about ministry at Shore, don’t hesitate to contact the office (details on back).

Indicate the area(s) you’d like to be involved in by ticking the appropriate box. Then fill out your details on the reverse. Please try to limit your choices to your top 3-4 priorities.

Place this completed brochure in the offering bag as it’s passed out, or in the Red Box by the door as you leave. Or post it into the church office.

Thank you – A ministry leader will respond to you!
